

Fulfilling Life's Purpose

The purpose of our life can never be measured by the size of our pocketbook, possessions we accumulate or success in the world. Furthermore, the success of our church can never be limited to building size, attendance or finances. Life only finds its purpose as believers discover God's grace, become equipped by God and pursue their "good works." Nothing else will be able to satisfy. Likewise, The Rock will only fulfill its purpose by providing an atmosphere where people are introduced to, challenged to grow into and given the opportunity to fulfill their life's purpose.

The Rock is a place to fulfill life's purpose!
Our vision is the same for believers of all ages. You will find that at The Rock developing believers is not only our goal but our passion.

Developing believers.....

Saved by grace, Equipped by God, Pursuing good works

...Fulfilling life's purpose!
